PROFILE

A motivated and adaptable software engineer with a strong foundation in computer science. Equipped with a diploma and a bachelor's degree in the field, I am passionate about leveraging my technical skills to develop innovative and efficient software solutions. My ability to embrace new technologies and stay up-to-date with industry trends ensures that I deliver high-quality work in a rapidly evolving landscape.

SKILLS

REACT JS

JAVA

HTML, CSS, JAVASCRIPT

MONGODB

MERN(Stack)

PROJECTS

NETFLIX GPT

- I have made a NETFLIX CLONE website with the help of firebase. It is a good website with multiple features like Searching among the movies and many more. Initially, we have to make a signup to make a signin into the app.
